

Young Researchers Forum  
Young Scientist Awards Tissue Engineering 2020

Open Access

**Annett Dorner-Reisel**

*Professor, University of Applied Sciences, Germany*

Prestigious Award for Young Research's at [Tissue Engineering](#) 2020 - Exploring new Ideas in regenerative medicine to treat degenerative diseases.

[Tissue Engineering](#) 2020 Conference Committee is pleased to announce "on 13th International Conference on Tissue Engineering and Regenerative Medicine" March 18 -19, 2020 in Paris, France by focus on the theme: "New Frontiers and Innovations in Stem Cells and Biomaterials". Tissue Engineering 2020 developments are maintaining their momentum. Tissue Engineering 2020 Conference program delves into strategic discussions in the field of Stem Cell and Biomaterials.

**[Tissue Engineering](#) 2020 Young Scientist Awards:**

Tissue Engineering 2020 Conference honours the

prestigious award for talented Young researchers, Young Investigators, Scientists, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The [Young Scientist](#) gives every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of Stem Cell and Biomaterials.

[Young Research's Awards](#) Tissue Engineering 2020 Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the [Tissue Engineering](#) 2020 young research forum.
